The difference between the proportion of scholars claiming English and German competence was greater in Western countries. A further question, on which language s they would recommend young scholars in their field to learn, yielded a clear result in favour of English, followed by German, with French. The second half was the "old-school" big misunderstanding that could have been cleared up with a conversation. Many of them will weaken of their own accord if the information brought together here warrants consideration. Foster, J. Allerdings teilen beide die Freude am literarischen Modellbau. The face that was all my sunrising. Such information may help the stream reasoner in taking some decisions on how to process the stream, even before starting to receive it, e. Shields, S Henriette.
